

## Parent Parking

The carpark is located on Durham Street. Although it is located next to the school it is not a designated school car park. It belongs to Campbelltown City Council and therefore is available for the community to access on weekends and after school hours.

**All signs must be observed and adhered to at all times**

The speed limit within the car park is **5km** per hour.

Access into the carpark must be via the Entry driveway (Guernsey Ave end) and departure must be via the Exit driveway (Pembroke Rd end) as the carpark is **one way** only.

There are 2 designated disability parking spaces. These spaces are not to be used at any time unless you have a disability permit displayed and the holder of this permit is in the vehicle.

There is an walk access gate for staff into the school site from the carpark. A swipe card will be issued to permanent and temporary staff. Casual staff and visitors are to proceed to gates with an intercom.
